

Investment Funds and Asset Management

Our Investment Funds and Asset Management team has represented many of the world's leading private fund sponsors, managers and placement agents to tailor products for particular markets or industries. We assist our clients through the complete life cycle of their investment activities, including:

- fund formation;
- regulatory compliance;
- representing funds in obtaining financing;
- structuring, negotiating and executing leveraged acquisitions and other investments;
- ongoing representation and support for existing investments; and
- implementation of exit strategies such as divestitures, public offerings and recapitalizations.

As a result of these mandates, the firm and its lawyers maintain a detailed knowledge of industry developments and market terms, facilitating the firm's representation of fund sponsors and investors alike.

Our team regularly advises private fund sponsors in the formation of hundreds of investment vehicles, including private equity funds; real estate funds and REITs; debt funds; hedge funds; venture capital funds; energy and infrastructure funds; funds of funds; special situation funds; and *Shari'ah*-compliant funds.

We have particular expertise in the formation of open- and closed-end funds for investment in real estate across a wide range of geographies, property types and return profiles. We are also the market leaders in structuring funds and transactions on a *Shari'ah*-compliant basis and in funds authorized by the Saudi Arabian Capital Market Authority, having advised on the first CMA approved listed REIT in Saudi Arabia.
