

KING & SPALDING

“It is this breadth that clients value
and that makes it “*probably the
premier firm
for broad-based LNG support
in the USA.*”

Chambers USA 2007

“The firm has evolved ...
to occupy a
dominant position
in the LNG field.”

Chambers Global 2007

King & Spalding lawyers have been active advisors to the Liquefied Natural Gas (LNG) marketplace for many years, including in key LNG export, transport and import projects. Today, we are sought after by LNG players worldwide because of our depth of experience, knowledge, skill and determination.

We know the law. We know the way LNG contracts interact and work and the way deals are done all along the LNG chain. We have what it takes to craft the most intricate contracts and to help clients learn from our know-how. Clients like what we deliver, so we are constantly being asked to do more, to solve real-time issues and emerging problems.

Intelligence. Experience. Ingenuity. Tenacity.
The King & Spalding LNG Team.

UPSTREAM PROJECTS

- Asia: Counsel to Merrill Lynch Commodities on structuring, development and documentation of Papua New Guinea greenfield LNG project.
- Middle East: Counsel to major European gas company regarding acquisition of an equity interest in Middle Eastern LNG project.
- Africa: Counsel to Angola LNG on feedgas gas supply arrangements.
- Asia: Counsel in relation to Bontang LNG Plant in Indonesia, on behalf of production sharing contractors and PERTAMINA, including gas supply and other upstream issues.
- South America: Counsel to Chevron in structuring and documentation of upstream agreements for proposed LNG project in Venezuela.

SPALDING'S

EXPORT PROJECTS

- Indonesia: Counsel to production sharing contractors (PSCs) in connection with numerous long-term sales contracts between Indonesian sellers and Japanese, Korean and Taiwanese buyers, and with sale of Tangguh LNG to Chinese purchasers.
- Trinidad: Counsel to Point Fortin LNG in regard to long-term FOB sale of LNG from Atlantic LNG. Counsel to sponsors on EPC contract for Train 4 of Atlantic LNG.
- Malaysia: Counsel to Indian buyer from Malaysia LNG Tiga in connection with long-term LNG purchase.
- United States: Lead counsel to major U.S. corporation in development of model long-term LNG purchase contracts (FOB and DES).
- India: Counsel to Indian power project for LNG purchases from Omani and UAE suppliers.
- Papua New Guinea: Counsel to buyer for LNG purchases from Papua New Guinea LNG project.

LNG CHAIN

LNG TRANSPORTATION

- Lead counsel to El Paso Energy on time charter of four “Energy Bridge” on-board regasification vessels.
- Drafting and negotiation of numerous time charterparty transactions (including time charter options) on behalf of U.S. charterers with Exmar, Leif Hoegh, Mitsui OSK Lines, Hyundai Transport, Bergesen, Maersk and Golar.
- Drafting and negotiation of long-term time charters of PERTAMINA for transportation of LNG from Indonesia to Japan and Taiwan, including six vessel Burmah fleet.
- Counsel to charterer of LNG vessel from Qatargas II for commissioning of new LNG terminal.
- Counsel to numerous LNG importers, terminal owners and exporters regarding port liability agreements and related vessel insurance issues.

IMPORT PROJECTS

- United States: Counsel to Cheniere Energy, Freeport LNG, Gulf LNG, Calhoun LNG, Downeast LNG, TORP and others on FERC / Coast Guard applications for onshore and offshore terminals.
- North America: Counsel to numerous parties on major EPC contracts, TUA contracts, gas resale contracts and other LNG-related agreements. Counsel to Southern LNG on EPC contracts for Elba expansions, Woodside Energy for commercial structuring of offshore terminal, and Gulf LNG on financing for new Mississippi terminal.
- Singapore: Counsel to government of Singapore on all aspects of greenfield LNG terminal development.
- Chile: Counsel to sponsor of onshore terminal and to buyer regarding gas purchases from onshore and offshore terminal.
- Puerto Rico: Counsel to European gas company on TUA for LNG receiving terminal.
