

Client service principle

08

Walk in our clients' shoes.

We treat our clients' challenges as our own.
We think and say "we" not "you."

Delivering outstanding service requires passionate focus on the client's business. We hire lawyers who know how to stay attuned to our clients' needs, adapt to our clients'

ways of working, and collaborate closely with them. Those who succeed at King & Spalding feel a personal ownership for resolving their clients' issues.

**King & Spalding
Candidate
Evaluation Question:**

What in this candidate's background, experience or approach suggests that he or she will be focused on meeting the expectations of both clients and colleagues?
