An aerial photograph of Dubai, United Arab Emirates, taken from a high vantage point, likely from a skyscraper. The image captures a vast urban landscape with a grid-like street pattern, numerous buildings, and a large highway interchange in the foreground. The sun is setting on the right side of the frame, casting a warm, golden glow over the entire scene. The sky is a mix of orange and blue. In the background, the city meets the sea, with some artificial islands visible. The right edge of the image shows the curved glass and metal structure of the building from which the photo was taken.
