King & Spalding is recognized as a “Litigation Powerhouse” (according to Law360). For decades, our litigators have helped leading businesses succeed in commercial disputes. We have a record of winning trials, arbitrations, and appeals for clients across all industries, including energy, life sciences, healthcare, and financial services sectors. Our cross-firm, multidisciplinary team of attorneys tries high-stakes cases, resolves complex, multiparty disputes, and manages public relations for the most sensitive client matters.

Our litigators handle litigation involving a wide range of business matters. These include disputes over purchase and sale agreements, utility contracts, intellectual property, construction, and partnerships. We also litigate sales contracts, security interests, loan transactions, banking procedures, and investments.

Our business tort lawyers litigate allegations involving fraud, negligent misrepresentation, interferences with contractual or economic relations, and bad faith and unfair dealing. We have prevailed in cases involving special statutes, such as federal and state RICO laws, consumer protection laws, and unfair trade practice laws.
