

E-Discovery

We pioneered the dedicated Discovery Practice in 1995 and have more than two decades of experience advising the world's largest companies across all phases of the e-discovery process in crisis investigations and litigation of all types. And from 2019-2021, *Chambers USA* and *Legal 500* have identified our practice as one of the top e-discovery practices in the country. *Chambers* stated that the team is known for “hosting a substantial and sought after team of attorneys” that “regularly undertakes e-discovery management mandates on high-stakes cases and investigations.” *Chambers* noted that our team is “excellent to work with,” is “customer-focused with a deep bench” and we “always provide top-notch people who always deliver.” *Chambers* also noted that clients choose our practice for “advice and counsel on strategic questions” and because it is a “very responsive team.” Our attorneys:

- manage and implement email, IM and mobile retention policies and defensible deletion/purging;
- conduct and manage data preservation, collection, review and production;
