---

We pioneered the dedicated Discovery Practice in 1995 and have more than two decades of experience advising the world's largest companies across all phases of the e-discovery process in crisis investigations and litigation of all types. And in 2019 and 2020, our practice was identified as one of the top e-discovery practices in the country by *Chambers USA* and *Legal 500*. Chambers stated that the team is known for “hosting a substantial and sought after team of attorneys” that “regularly undertakes e-discovery management mandates on high-stakes cases and investigations.” Chambers also noted that a client reported we are so valuable for understanding our “client's business, anticipating needs, providing regular updates, dealing with unexpected changes, unprompted communication and overall expertise in all phases of the e-discovery process.” Our attorneys:

- manage and implement email, IM and mobile retention policies and defensible deletion/purging;
- conduct and manage data preservation, collection, review and production;
- develop litigation readiness tools and playbooks;
- advise on Microsoft Office 365 and mobile device challenges;
- defend e-discovery practices in court;
- manage and conduct multilingual cross-border document review projects;
- review and negotiate vendor contracts saving our clients millions of dollars; and
- perform due diligence for complex transactions.
