

Los Angeles

King & Spalding's Los Angeles office is key to our ability to better serve clients on tort and environmental, life sciences, energy, media and entertainment, and intellectual property matters. In the world's entertainment epicenter and one of the nation's busiest tort venues, our L.A. team leverages the firm's global network to provide counseling across industries and across borders.

Staffed by first-chair trial lawyers with decades of experience, our Los Angeles office helps clients reach their business objectives, whether it's resolving a business dispute, defending complex products liability cases or protecting copyrights or other critical intellectual property. Our clients include Amazon, AstraZeneca, Bristol-Myers Squibb, Chevron USA, GlaxoSmithKline, ESPN, Google/YouTube, The Dow Chemical Company, Johnson & Johnson, Medtronic and Kimberly-Clark.

Our L.A. team works closely with, and is supported by, leading lawyers from across King & Spalding's platform of 20 offices worldwide, including lawyers in the firm's two other California offices in San Francisco and Silicon Valley.
