

## Singapore

---

An Asia-Pacific hub for the firm's energy, projects and international arbitration work, our Singapore office helps leading businesses meet the opportunities and challenges of the Asian market in LNG, oil and gas and power.

We assist companies in structuring project financing—often breaking the mold—in executing their most complex acquisitions and dispositions throughout the region and beyond; and in resolving oil and gas, power and construction disputes via commercial and investment treaty arbitration.

Ranked Tier 1 in international arbitration, energy and projects by *Chambers Asia-Pacific 2020* and *Legal 500 2020*, our Singapore team works closely with our lawyers in Tokyo and coordinates cross-firm to deliver locally informed, globally resourced counsel.
