Jenni L. Weaver is an attorney in King & Spalding's E-Discovery practice. Her practice focuses on electronic discovery issues, particularly with respect to representation of clients in matters of product liability and governmental investigations. Her primary focus is ensuring her clients' European operations and electronic discovery processes are compliant with the General Data Protection Regulation (GDPR). Additionally, Jenni provides advice and counsel to clients to help limit the scope and cost of document review through managing data processing and proper metadata field mapping, early case assessment, search term development, developing efficient workflows, workable review protocols. Jenni works closely with in-house counsel, co-counsel and vendors to ensure consistency, efficiency and quality throughout the duration of the document review process. Jenni also works with clients to develop standardized ESI protocols, records management policies, records retention schedules and litigation hold practices.

Jenni has managed the e-discovery process in a wide variety of matters, including energy regulation, pharmaceutical, environmental, product liability, mass tort, and intellectual property litigation, as well as various internal and governmental investigations, including the United States Environmental Protection Agency (EPA), the U.S. Customs and Border Protection (CBP), the Federal Energy Regulatory Commission (FERC), various State Attorneys General, the US Attorney's Office for the Southern District of New York (SDNY), the Federal Trade Commission (FTC), the United States Department of Justice (US DOJ), the California Air Resource Board (CARB), and various Foreign State Agencies.

### Matters
