Ulf Grundmann is Partner of the Government Matters Practice Group, and focuses on regulations and compliance regarding the pharmaceutical, medical devices, cosmetic and food industries, and on litigation in the European Union. For more than 25 years, Ulf has advised clients through all stages of the product life cycle, including product development, trademark clearance, labeling, advertising and promotion, product launch, distribution, licensing and compliance in the EU. He also handles all kinds of litigation related to the products, the distribution, intellectual property rights, competition and advertising. This includes aspects related to parallel importation, protection against falsified products, recalls, and product end-of-life. He litigates matters before German and European courts, including the General Court and the Court of Justice of the EU.

Ulf counsels clients in the European Union on regulatory, unfair competition and compliance laws, and represents clients before national and European authorities, including the European Commission. He also works with life science companies on corporate and financial transactions.

As frequent author, speaker and moderator at life sciences and food conferences, Ulf also serves as a lecturer at the Frankfurt School of Finance and Management as well as the DeutscheAnwaltsAkademie.

Ulf has been recognized among Germany's leading lawyers by publications such as *JUVE*, *Legal 500* and *Who's Who Legal*. *JUVE* 2020/21 recognizes him a "Leading Name" for pharmaceutical and medical devices law. He has also been recognized as a "Life Sciences Star" by *LMG Life Sciences Europe*.
